**Registering** voters so they can exercise their right to vote and to have that vote count.

**Preserving** our constitutional rights and civil liberties.

**Educating** citizens and fostering dialogue on important issues from healthcare and climate change to immigration and affordable housing.

**Advocating** for positive change at the local, state and national levels on issues that impact us all, such as land use, education reform and government transparency and accountability.

## Democracy is not a spectator sport!

*This past year, the League took action in support of Gun Safety and the Women's Equality Agenda, explored and heard experts' thoughts about Campaign Finance Reform, launched an intensive study of agriculture and food safety issues, and advocated for safe energy and protection of our air and water quality. I am proud to be part of the League's on-going efforts to promote good government, protect individual liberties and maintain quality of life for all. The League is non-partisan but we stand strong for inclusive democratic principles!*

*"After voting absentee for the mobile years my husband was in the Air Force, League membership was a high priority when I was settling in as a new Saratoga Springs resident. More than 30 years later, it is still my most worthwhile organization."*
